Spares

ARUN SHUTTLE INDUSTRIES

# Company Profile

## Excellence...

The Guiding Principle Behind All our Endeavors

We are The Leading Manufacturer, Suppliers & Exporter in India to make almost all kind of Textile Spinning Machine Spares. The Galaxy is a recognized name in the textile spinning industries as India's prime promoters of textile spinning replacement spares and accessories to the global market. Company with many years of experience in Design, Development, Manufacturing, Sourcing, Vendor Development, Quality Control Inspection and Logistic for textile engineering precision components to many countries around the world.

We are Global Compatible :

Price Competitive, Effective After Sales Service, Stringent Quality Norms, Manufacturing Performance Repeatability and Reliability, Customer Focused, Strict Adherence to Upgradation , Delivery Schedule and Logistics & Enviroment Safety.

Sound Workshop Equipped with latest CNC machines and other kinds of state of art machines tools supported with quality control inspection equipment, well educated engineers and skilled technical man power.

# Roll Shop Machinery

Roll Shop Machinery

## The Power of World Class Roll Shop Machinery

Cot Grinding Machine  
(Model GCGHY 200)

Cot Grinding Machine  
(Model GCGHY 200-AF)

Cot Grinding Machine  
(Model GCGH 200)

Ultra Violet Treatment M/c.

Spindle  
Lubricating M/c.

Hydraulic Cots Mounting  
& Demounting M/c.

Top Roller  
Calendering Machine

Top Roller  
Greasing M/c. Automatic

Top Roller  
De Greasing M/c.

Flocked Clearer Roller  
Cleaning Machine

Clearer Roller  
Cleaning M/c.

Fluted Roller  
Truing M/c.

Use full for Spinning Roll Shop

We Stock Open End & Auto Coner spares for all leading brands like, Rieter, Schlafhorst, Savio, Elitex, Investa, Lakshmi, etc.

## Auto Coner

Auto Coner

Schlafhorst

Complete Range of spares for Different Schlafhorst Machine like 138,238 ,338 etc.

## Murata

Murata

All Type of spares for Murata Mach Coner High Speed Winding M/c.s

MURATA 7-II & 7- V Model

## Savio

Savio

Complete Range of Replacement spares for different models of Savio Winding M/c.

## Card Can

Card Can

## Ring Tubes, Spools, Cones

Ring Tubes, Spools, Cones

We at Galaxy have more than 30 years experience in manufacturing and supply of Ring Tube, Cones & Open End Spinning Spools. We offer Perforated Cones, Perforated Spools for Single and Multi Dyeing Process. We also offer Double Color Cones for easy identification by the users. Our Ring Tubes are made of Polypropylene(PP), Acrylonitrile Butadiene Styrene (ABS), Polycarbonate(PU), Polyamide(Nylon) Materials. The Ring tubes are available from lengths 180 mm to 300 mm suitable for Spinning, Doubling & Twister Machine. Our tubes are widely used in Rieter, Zinser, Toyoda, Marzoli, Platt, Sacolowell and Chinese Machine upto 2500 Rpm. The cone offered by us are from 75mm to 250mm in different sizes, textures and colors for all the standard conicity. We can offer tubes in more than 100 colors.

## Cots & Aprons

Cots & Aprons

**GALAXY** synthetic rubber aprons are made from superior polymers for delivering consistent performance throughout their working life.

### Silent Features

The Outer Layer of Apron offers excellent resistance to abrasion, ozone attack and damage due to dyes, chemicals and other spinning additives. The smooth surface finish enable proper fibre control.

The Inner Layer has very good wear resistant properties and offers better durability. It has low coefficient of friction to ensure smooth gliding movement of Apron over drafting elements.

Higher tension strength of Apron minimizes instances of Apron breakage.

**Plain Cots :** The conventional plain cot which is bonded with adhesive.

**Pvc Core Cots :** PVC Core is two layer cot and it does not need adhesive. the PVC core of this cot absorbs the mounting stress and leaves the Cot free from pretension.

**Alucore Cots :** Alucore Cots give the technological edge enjoyed by quality conscious spinners. The strength of alucore cots lies in this Aluminum stresses thus leaving the cot compound free ore tension.

# Cherry Hara DX 500/Tung Hsia HSD-901 Draw Frame Spares

Cherry Hara DX 500/Tung Hsia HSD-901 Draw Frame Spares

# Comber Spares

Comber Spares

Comber Spares for RIETER, LAKSHMI, TOYODA, HOWA, HARACHERRY , VOUK etc.

# Carding Spares

## Carding Spares

Carding Spares For Rieter, Lakshmi Rieter, Truetzschler, Toyoda, Howa, Platts, MMC Machine etc.

Proven and Tested Carding Undercasing from GALAXY is used by Many Customers Worldwide .

Advantage :

- Computer Designed
- Minimised Wastage of Good Fibre is Guaranteed
- Maximum Wastage Collection
- Perfect Curved Grid Contour.

Carding Undercasing from GALAXY is available for almost all make and models of Carding Machines like Rieter, Lakshmi, Trutzschler, Crossrol, Marzoli, Platts, Toyoda, Howa, Mmc, Whitein etc.

# Under Casing

## Under Casing

# Lattice for Blow Room

## Lattice for Blow Room

Spiked, Beater & Feed Lattice Made from Wood & Aluminum for all makes of Blowroom

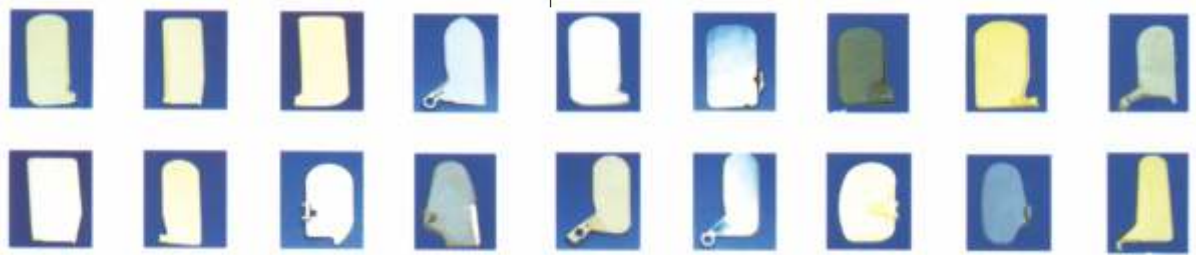

# Lappets, Snail Wires, ABC Rins & Spindle Brakes

Lappets, Snail Wires, ABC Rins & Spindle Brakes

# Separators and ABS Pulleys

Separators and ABS Pulleys

# Two for one Twister Spares

Two for one Twister Spares

For Volkmann / Star Volkmann, Murata , Veejaylakshmi etc. TFOT Machines

# Ceramic Yarn Guide

Ceramic Yarn Guide

Complete Range of Ceramic Products for all type of Spinning Application

## Clearer Cloth & Rollers, Lap Spools

Clearer Cloth & Rollers, Lap Spools

Lap Spools available in Nylon and Fibre (Hylam) Material for all makes of Combers and Lap formers

## Dyeing Spares & Dye Spring

Dyeing Spares & Dye Spring

### Our Range of Product

- Yarn Dyeing Carriers
- Fibre Dyeing Carriers
- Tops Dyeing Carriers
- Beam Dyeing Carriers
- Perforated Spindles
- Triangular Spindles
- Gravity Locks
- Double Locking Gravity Locks
- Gravity Lock with Spring
- Spacer Plates
- Triangle Spacers
- Top Plates
- Bottom Plates
- Dye Tubes
- Nut Locks
- Vim Nuts
- Pneumatic Press
- Loading and Unloading Baskets
- Dye Springs
- Repairing of Dye Springs

We are the pioneers of Dyeing Machine Carriers, Accessories & Dye Spring offering end to end fibre dyeing Industries. With over 50,000 products manufactured and supplied in India and World wide and an excellent sales and support network. We can orchestrate perfect spares for you anytime and anywhere.

# Open End Spinning Machine Spaes

Open End Spinning Machine Spaes

Complete Range of Non Original Replacement spaes for all type of Open End Spinning Machines like Rietrer, Investa, Lakshmi, etc..

## Pressure Hoses, Strippers & Suction Tubes

Pressure Hoses, Strippers & Suction Tubes

Wide Range of Pressure Hoses, Stripper & Suction tubes for Different Machine like Rieter, Zinser, Platt Saco Low etc.

Clip, Guider Condenser & Flyer cap

Clip, Guider  
Condenser & Flyer cap

# Gears & Shafts

## Gears & Shafts

Different Types of Gears, Shaft, Pulleys & Other Accessories

# Drafting Spares & Needle Bearings

## Drafting Spares & Needle Bearings

# Spindles

Spindles

SKF HF-1 Inserts

Lower Wharve Diameter Upto 18.5 Mm

Sandwich Design of Spindle Upper Part for Better Stability

Special Arcor Treatments to Wharve to Enhance Wear Characteristics

Unique Design of Bloster Housing Ensures Perfect Verticality of Spindle

Reliable Damping System at High Speeds with Reduced Vibration

# Fluted Rollers

Fluted Rollers

Fluted Rollers for Ring Frames, Simplex (Roving) Frame, Draw Frames, Combers and Lap Formers.

# Flyers, Pressure Fingers & False Twisters

Flyers, Pressure Fingers & False Twisters

# Sheet Metal Components

Sheet Metal Components

All Kind of Spinning Sheet Metal Precision Components including Springs Available
